NOTE FROM THE EDITOR

Hello Wanneroo Wanderers,

We have celebrated Christmas and welcomed the New Year in each of our unique styles. I hope you all have a happy, healthy and safe 2024 and look forward to enjoying our social functions and trips in great style this year.

Facebook <https://www.facebook.com/WannerooWanderers>

Meetings are held on the first Wednesday of the month (except in January when it is held on the second Wednesday,. The AGM is in September which is a dinner function).

Meetings are held at

Warradale Hall in Landsdale – 7.30pm for a 7.45pm start

Magazine articles: gldnidl@bigpond.com

WANNEROO WANDERERS 4WD CLUB INC

The Wanneroo Wanderers 4WD club is an enthusiastic group of people who have banded together to enjoy 4WD trips and excursions while conserving the natural bush ecology.

Club membership comprises families and individuals of all ages. The range of club activities caters for the novice as well as the experienced drivers. Activities include social functions, day drives, weekend and extended trips both on and off road at various times during the year.

Club members use a range of camping options from swags, tents, troopies, camper trailers and caravans. The club has no preference to the make of 4WD vehicle owned. Personal and vehicle safety during club events is of the utmost importance. Where possible proposed trips are thoroughly planned and surveyed in advance.

The club is an affiliated member of the WA 4WD association and we support the aim to promote 4WD vehicle owners as responsible, community spirited people concerned with conservation and the environment.

The club Meets at the Warradale Community Centre, Warradale Terrace, Lansdale on the first Wednesday of each month except for January when it is held on the 2nd Wednesday, commencing at 7:45pm.

Visitors are always welcome to attend meetings and club events. Prospective members are encouraged to attend two club meetings and two club activities before applying for membership.

If you wish to obtain further information about the club, please feel free to contact us at:

Wanneroo Wanderers 4WD Club Inc.

PO Box 414

Wanneroo WA 6065

CODE OF ETHICS

1. Obey restriction on use of public lands. Respect national parks and other conservation areas, (i.e. DPAW, Water Authority, Fire Authorities).
2. Obtain permission before driving on private land. Leave livestock alone and gates as found.
3. Keep to existing tracks where possible.
4. There shall be no deliberate destruction of trees, shrubs, or wildlife. Respect our wildlife, stop, look, and observe but never chase animals.
5. Use a well-worn campsite to minimise impact on the environment.
6. No firearms to be displayed or used in campsite or prohibited areas.
7. No unofficial competition or displays of "4WDing" shall take place during trips without permission of the trip leader.
8. At club functions members shall obey verbal instructions and visual signs erected by the organisers.
9. Drive very slowly within camp area.
10. When answering the calls of nature, members are asked to take the shovel and bury the result at all times. Ladies are respectfully requested to dispose of their paper hygienically. (i.e. rubbish container or campfire).
11. Keep the environment clean. Be prepared to carry out all the rubbish you take into un-serviced areas.

EQUIPMENT REQUIRED ON VEHICLES ATTENDING TRIPS

MANDATORY EQUIPMENT

SUITABLE TOW POINTS FRONT AND REAR OF THE VEHICLE

RECOMMENDED EQUIPMENT

'D' SHACKLES (Minimum Specification: BODY 13mm PIN 16mm)

TOWROPE AND OR CHAIN SNATCH STRAP

SHOVEL

SPARE TYRE (Same as other 4 tyres on vehicle)

TYRE INFLATER AND TYRE PRESSURE GAUGE

BASIC TOOL KIT TO SUIT VEHICLE

JACK, JACK-HANDLE, JACKING PLATE WHEEL BRACE

FIRST AID KIT

SPARE RADIATOR HOSES AND FAN BELTS

CONVOY PROCEEDURE

1. Fuel tanks must be filled prior to start of trip.
2. Before moving off from a designated departure point the trip leader will appoint tail-end Charlie.
3. At all turn-offs, vehicles shall wait until the following vehicle is aware of the former's intention. Periodical checks for the following vehicle must be made as per convoy procedure.
4. Persons leaving the club convoy MUST notify the trip leader and if possible, give details of their intentions.
5. No vehicle in the convoy is to pass the lead vehicle.
6. When travelling in convoy on the open road, the distance between vehicles shall not be less than six vehicle lengths and keep the vehicle behind in sight at reasonable intervals.
7. At nature stops the rule to be followed is ladies to the left - gents to the right.
8. In recovery procedures to avoid injury to personnel the drivers of the vehicles involved shall ensure that the immediate area is cleared.
9. All persons travelling in convoy must be inside a vehicle

**I may not have lost

A LITTLE BIT ABOUT— Keith and Marian Granland

Q. How long have you been a member of Wanneroo Wanderers and why did you join?

A. We have been in the club since 1992, 31 enjoyable years. We joined because John Stoffles told us how much fun he was having with the club.

Q. Do you have a Favorite club activity and why?

A. We enjoy all activities the Club does, from day trips, camping in special places, to the many social occasions. Over the years our children have either been members of the club and enjoyed coming along with us on the trips. We have made many friendships over the years.

Q. What interests and hobbies do you have outside of WW?

A. I enjoy fishing and do a bit of woodwork in my shed, I also enjoy watching AFL. Marian enjoys tinkering in her hobby room and ironing my shirts (only joking). She has many times received a call from some of our children/grandchildren too make a bag for their camping gear etc. She also enjoys collecting shells and turning them into works of art. We both enjoy watching our grandchildren's many sporting endeavours.

Q. Is there something that your friends wouldn't believe was true about you?

A. A few of the things club members may not know about us is that I drove buses for 37 years and that my father drove buses for 41 years. I once was an Eagles supporter. **GO DOCKERS!!!** Marian did Family Day Care in our home for 29 years, this is where we made life long friends with Sue and Steve Morris, whose son David was Marian's first child in care. Many may not know that John Stoffles is Marian's nephew.

Dean, Natasha, Katie & Mathew

Richard Dettmer & Kylie Smith

Ray Zaretsky

Shaun & Rose Garlick

Brief stop at Broomehill looking at the plaque.

Commenced the Holland track which was a mixture of tracks and good gravel roads and stopping at Hollands Rocks for our first night.

Friday 22nd

Left camp around 8:30 and continued along the Holland track via mostly good gravel roads via Dragon rocks, before making camp at Emu Rocks.

At this point we were joined by Russell's son Reagan and his two children Sienna and Oliver, Darren and Brigsee

Today we continued our journey northeast taking in various points of interest

including Sheoak Rock Trigg Marker, the Mallee Fowls Nest and Mount Holland where we camp

As we crossed the Norseman Hyden road we stopped for a photo opportunity. Shortly after we set off Richard Dettmer had a puncture. Darren quickly plugged the offending leak. Carrying along the track we navigated through or around various bog holes. When we got to one, most navigated around a deep hole, but Ray Willis decided to take the straight path only to become totally stuck in waist deep watery mud. Darren again came to the rescue by grappling Ray's winch which initially would not work, but after some persistence it came good and with Steve Sharps Prado as an anchor point we were able to recover the vehicle.

After the recovery, and the water drained from the vehicle, the alternator light came on. Darren again came to the rescue and tried flushing the alternator with fresh water to no avail.

At camp Darren and Reagan set about trying to remove the alternator. While unsuccessful at total removal, they were able to remove and clean the brushes. After around three hours the 200 series Landcruiser was up and running.

Sunday 24th

Mt Holland to Krakouer rocks.

While decamping, Shaun managed to reverse into a tree putting a small dent in his tub. Ray Willis decided to head home to get his car dried out and a full repair of the alternator. Brigsee also left for home as he was unwell.

Today was slow going as our original intention was to reach Victoria Rocks. We visited Sandalwood rocks where we had lunch.

Regan was having problems with his fuel pump, so he jerry rigged the fuel pump to transfer fuel from his sub tank to his main tank.

More large mud holes, numerous chicken tracks.

At one deep rutted section, Richard Dettmer failed the straddle test and slipped into the deep rut necessitating a tow recovery.

Shortly after I was guiding Steve sharp and instead of turning slowly in the direction I was indicating he seemed to give the Prado too many berries and also ended up in the ruts. Another recovery.

Later that day as the lead group pulled off to wait for the tail, Steve Sharp ran into a tree, completely knocking it over.

Monday 25th

Krakouer Rocks to Coolgardie and Burra rocks.

Again slow going and crossed the infamous claypans which thankfully were largely dry. En route there were numerous broken vehicles and a lot of traffic. We called into Thursday Rocks for Morning tea, and after Morning Tea, Regan and his children, Caroline and Darren left to head back to Perth.

We carried on to Victoria rocks for Lunch and then onto Coolgardie where we visited the grave of John and Alice Holland.

We refuelled and restocked our supplies and headed to **Burra Rocks** where we camped for the night.

Dean, Natasha and children left for Perth.

Tuesday 26th Burra rock to Cave hill

Today was a short trip to Cave Hill via a nice 4WD track following the old railway line arriving in time for lunch.

In the afternoon, some members walked around the rock, some had a swim.

Shaun had seen Maron in the dam, so Shaun made a Maron trap out of some 100mm pipe Richard had found, by heating one end and folding the end together and attaching a rope at the other end.

Wednesday 27

Cave Hill Rest day

Several of us walked around the rock checking out the cave and dams

Another afternoon swim

Shaun managed to catch half a dozen small marron which he later cooked up to share with some members

Barb made a delicious cake and Rose made a damper which was great for a first attempt

Thursday 28

Left Cave hill and followed a 4WD track which largely followed the old railway line to Victoria rocks road. The track was narrow and scratchy in parts, but was in good condition.

After reaching Victoria rocks road we headed south towards Banks Rock. Initially we took the wrong track in and could not reach the rock. Backtracking, we found the correct track which took us into the base of Banks Rock where we had lunch and a look around.

After leaving Banks rock we headed to Victoria Lake and then on to the breakaways on the Norseman Hyden road for our final night.

Friday 29

Everyone headed home with Ewen & Dee leaving very early in the morning. Overall, a very enjoyable trip and a special thanks to Regan and Darren for their assistance.

Wildflowers seen on the Holland Track trip

Photos by Kylie Smith

Wildflowers seen on the Holland Track trip

Wheat Belt Trip

20th October – 27th October

Everyone met at Mollerin Rock on Friday except Maureen, Dieter, Estelle and Mike who arrived on Thursday.

Mollerin Rock was a great campsite with a new drop toilet.

On Saturday we travelled to Westonia through Mukinbudin where we stopped for coffee.

There was some confusion leaving there but everyone arrived in Westonia safe and sound. Penny and Dave joined us in Westonia. Everyone was impressed with the caravan park and town. Dinner at the Pub put the young chef under pressure but we all enjoyed our meals.

On Sunday there were various day trips from camp. Some of us had breakfast at Nungarin Heritage Museum. The Heritage Museum was well worth a look. Next, we went to Mangowine Historic Homestead and then on to the gold mine lookout.

Mike, Estelle, Lyn and Greg left us at Westonia. A highlight of our visit to Westonia was a visit to the Hood Penn Museum and drinks at the Wanderers Bowling Club.

We left Westonia to travel to Jam Patch which was a good free campsite except for the overflowing drop toilet. Maureen rang the shire and they sent someone out to empty it. (Richard had tried and failed).

Lunch at Walkers Hill Winery was enjoyable as they had opened just for our group. We had a great charcuterie evening while Brendan entertained us with lots of request for our favourite songs.

Next, we made our way to Wagin and visited the Historic Village.

The next day people travelled home with Kylie and Richard staying at Penny and Dave's for a couple of extra nights.

Another fun WW trip!

Willowbrook Farm Caravan Park, Gingin Gravity Discovery Centre & Observatory & Caladenia Mini Golf @ Wanerie

Report by Maureen Hurrelin

This event at Gingin & Wanerie was well attended with 10 Caravans, 28 people including 6 children, some arrived on Fri while the rest arrived on Sat, it was lovely to see so many young families come along, it was one couple and their children's first trip with their new caravan, I think Dan is hooked!

The Temperature was quite Hot so luckily, we had powered sites at Willowbrook Farm Caravan Park. We all enjoyed the animal feeding at 5.30pm, there were lots of sheep, 1 three-legged goat who was quite boisterous, that's probably why he only has 3 legs, there were a few beautiful long horn cows and 1 Alpaca not a Lama!

On Sat 4 Nov we did a night tour of the Gingin Gravity Discovery Centre and Observatory. Some of us climbed the gravity tower and dropped our balloons one with a little water and one with more water to see which would hit the ground first, as per Galileo they both hit the ground at the same time when dropped at the same time!

Panoramic View from top

Brendan & Dieter dropping their balloons

The Drop Zone

We started the Observatory tour with a presentation by Mitch who explained a lot about the sky, planets and stars and showed us on the screen what we were likely to see that night through the telescopes.

We followed Mitch outside where he used his special laser pointer to point out specific alignments in the night sky, we then went into the telescope room and were put in our group Delta, where Mitch advised what we would see through this first telescope we then moved to the second, third and fourth telescope the whole time astrophysicist explained what we would see through their specific telescopes.

We saw 2 different clusters one was the Silver Coin Galaxy,

Some views were clear while others were left it to your imagination.

Walking from telescope to telescope was a bit daunting as it was very hard to see in the dark, they were a lot of holding hands and guiding

Some of the views through the telescopes were not very clear but we could see Jupiter and her moons below

Then the large telescope was operated so we could all wait in line to climb the stairs and see Saturn in all its glory,

I have to say I thought that the no.4 smaller telescope showing Saturn was much clearer than the larger telescope that we had to queue up for, even one elderly lady could not see it!

On Sunday 5 Nov at Willowbrook Farm Caravan Park @ 9.30am

We all waited for the Cow Bell as that was our cue to enjoy the longstanding tradition of eating and enjoying freshly made complimentary scones, with homemade jam and lashings of fresh whipped cream, some enjoyed a coffee made by Wayne's coffee station.

What a spread, fluffy complimentary scones, Jam and cream, enjoyed by all!

Also, on Sunday we headed to Caladenia Mini Golf @ 11am for a round of mini golf, while the weather was hot it was lovely under the trees and shade. We paired in families or couple teams

Granland v Finlayson

Waddell v Hurrelin

Jones v Clark

Darren, Indi, Lucca, Lenny & Erin

While it was not a competition Brendan and Deanne Waddell walked away with the lowest scores of 45 and 49 respectively, there were no prizes awarded.

Unfortunately, Eden (Richard's granddaughter) fell out of a tree and fractured both her heel bones and has a compressed fracture to her lower spine Richard, Kylie and Ash took her to hospital, she was released from hospital after 5 days, she is in blue plaster up to her knees, there will be no more running around or climbing trees for quite a while for Eden. We all wish Eden a speedy recovery!

The majority headed home after mini golf leaving 4 caravans, the Clarks, Waddell's, Hurrlein's and Jones to enjoy the peace and tranquillity of Willowbrook Farm and the beautiful night sky!

Wanneroo Wanderers Mundal Day Trip

19th November 2023

Phil and Judy Anderson

Attendees: Jane & Larry, Richard & Kylie, Maureen & Dieter, Therese & Kieth, Pat & Dave, Lyn & Greg, Deb & Andrew, Barb & friend Margo, Marella & Paul, Russel, Dee & Ewen and trip leaders Judy & Phil.

It was a beautiful clear day. Perfect for driving, however a little warm when getting out of an air-conditioned vehicle.

There had been a bushfire through the area since the suss out, but Main Roads web site said all the roads we were travelling down were now open, so we were interested to see how much fire damage there would be.

7 cars met at the Mundaring Hotel on Jacoby St at 9am for a 9.30 start as directed in the trip notes. 5 cars will face a fine for not reading the directions and arrived at the Mundaring weir Hotel and waited patiently wondering where everyone else was.

Eventually we all got onto the road at 9.40 with 12 cars. Headed off down Mundaring Weir Rd and our illustrious trip leader missed the first turning point onto Ashendon Rd. (A fine!!!! Not to worry, Maureen will be keeping a tab)

A leisurely drive down Ashendon Rd, then a short leg on Brookton highway before a turn onto Kinsella Rd through some nice bush before another turn onto Albany highway for around 12km then back into the bush onto Millers Log Rd just after Sullivan Rock. Some more nice bush driving before a stop for morning tea at the Balmoral POW camp

We had done this drive before with the club a few years back, but because of mining and Water catchment areas, the route is slightly different. I tried numerous times to get the latest MundAI track waypoints from the association, but to no avail. So, the route we were taking on this section of the MundAI was a bit off a guess based on the last trip down this track.

After a break at Balmoral and airing down the tyres, we carried on down Balmoral Rd and into Jarrahdale. The worst bush fire affected areas were behind us, and it was not too bad. We didn't go into Jarrahdale instead taking a left turn down Kingsbury Drive towards Serpentine Dam. We did not stop here as there is some significant construction going on at the Bistro on the Dam Café and lookout which I noticed during the suss out.

Next turn was down one off the many Scarp Roads that meander through the area, and onto our lunch stop at North Dandalup dam picnic area at the bottom off the dam wall. (Phil missed this turn as well. Sigh) A really nice picnic area with a decent swimming spot also, although there are large signs warning off the health risks of swimming there and the Water Corp website saying swimming is not permitted, there were many families cooling off in the water on a hot day.

We had a nice relaxing time there under the shade off the trees, Deb and Andrew and Russell even had a dip, (no heads under the water of course) Maureen also had an award to present to Larry, as Larry would not be at the Christmas dinner when the awards are usually given.

We rounded up the gang and then off again down Scarp Rd and then onto Del Park Rd for a bit then took a turn onto North Spur Rd then a LH turn into Marinup Rd towards the old Marinup POW camp. Time was getting on so I decided we would not call into the POW camp for a look, as that can turn into an hour just looking around. Maybe another time.

ANNUAL CHRISTMAS AWARDS DINNER

Saturday 2 December 2023 @ Greenhills Inn, Greenhills

Report - Maureen Hurriein Photos - Joe Arrigo

This year's annual Christmas awards dinner event was a great success, with 53 members and potential member in attendance. We had a 3-course Christmas themed buffet at \$50 per person.

Some stayed in Hotel Themed rooms while others opted for a donga with its own ensuite, they enjoyed continental breakfast while the rest parked for free across the street on the large vacant shaded space and made our own Sunday morning breakfast. When we arrived on Saturday after 12pm we were de-

At 4pm we had several volunteers to assist with adding our Christmas touches to the tables in the function room. At 6pm we all returned to the main bar for pre-dinner drinks, to place our gifts on the table in the function room and purchase our \$5 raffle ticket.

I would like to say a special Thank You to Jenny Downe who unfortunately could not attend but who generously making and gave the Christmas Wall Hanging, it was beautiful. Angela was the proud winner of

Phil welcomed everyone to the event just before the 6.45pm entrée (not dessert Phil) Prawn Cocktail was placed on the tables. During entrée and main Maureen explained how the raffle would work this year, each of the gifts had been randomly numbered so after your \$5 ticket was drawn, you would choose another number from the bag, which corresponded with the number on the gifts table, that way making it fairer from first to last ticket drawn, well that was the plan!

Penny, Dave, Angela & Ron

Bruce & Cherril

Paul and Mirella

Shaun & Rose

Kylie and Richard

Debby & Andrew

Lyn & Greg

Vlado & Audrey

Therese & Keith

Archie, Karen, Kerri & Steve

Maureen, Dieter, Ron & Maria

Kym, Glenda, Barbara, Joe & Elisa

Thanks to Leanne who helped by staying at the gifts table to assist the winner with finding the matching gift number. The celiac's were called up first to get their main course, then by table, which took no time at all with the food being served by the friendly owner Murray and his staff, there was Ham, Turkey, Cauliflower cheese, pumpkin, roast potatoes, gravy and mix of peas, corn and carrots and a bread roll if you wanted it, each plate had plenty of food on it.

During main and dessert, we pulled further raffle tickets.

Dessert was served around 8pm, celiac's received their gluten free Christmas pudding, then apple crumble with custard and cream was first choice for the others or pudding, custard and cream, many opted for the apple crumble. All of the food was delicious and served and cleared by the friendly staff. When finally, all the raffle tickets were drawn to Ron, Andrew, Kylie and Michelle delight, who thought that their ticket would never be drawn!

Now it was time for the Trophies and Awards presentations:

The Damper trophy was presented to Allan Wyatt for his Gluten Free Damper on a secret trip.

The Male Golf NAGA trophy was awarded to Brendan Waddell as the 2023 winner

Paul received the Fishing competition and received his award earlier in the year

Maureen advised that she was righting a wrong by purchasing with the consent of the executive committee a Female Golf NAGA Trophy, she went onto advice that one female played who had won the round of golf at the annual Golf event in 2019, 2020 and 2022 but had not received a trophy, we asked Cherril to come forward and be presented with her

During the Mundal day run Maureen presented Larry with an award, because during the March storm at Hillside, Larry lost one of his flip flops/ thongs, she found a child's flip flop while on holiday at Coral Bay and thought of Larry, so she mounted it on a board with "One size fits all" sticker and presented it to Larry as he was un-

Phil presented Richard with an award for the longest trip suss out on the Gibb River Track

Unfortunately, I had to call Cherril back up because we then needed to handover her newly received female winner's trophy to the 2023 winner, Kylie.

Therese having won last years Minties award, spoke about several incidents that had happened throughout the year that were all contenders for this year's Minties award, Andrew & Deb for their caravan awning and wet bed during the March storm, Richard for his Tire side wall ripped open, Russell for his back door opening with the fridge on slide, sliding out hitting a tree, slide being bend but fridge was ok, Steve Sharp for getting bogged and drove over a tree resulting in his door being bent.

The winner was Greg on the dessert trip for driving his new ranger without checking his spare tire, who after having a flat tire, he discovered that the spare was a steel rim not a mag rim as on the car, resulting in the nuts not fitting, others came to his rescue and gave him some of their wheel nuts then, they happen

Leanne presented Maureen with a Golden whistle award for all the hard work that goes into organising the successful events. Maureen blew the whistle to the dismay of the crowd, it really works in getting everyone's attention, "I am sure I shall get use out of this", thank you

Phil thanked everyone for coming and we gave a round of applause to Murray and the Greenhills Inn team for looking after us all so well.

Some stayed on in the function room chatting while other moved back to the main bar or outside into the cool night air.

At 5.53am on Sunday morning, Dieter and I had a walk around the townsite and read the heritage trail boards, they were fascinating, we discovered the old Post Office building that was used as a police station in the Albert Facey's "A Fortunate Life" telemovie.

The Bally Bally School board where a Mr William Wilkinson had to write numerous letters to Education Dept as 14 children needed an education, it opened in 1901, in 1902 the teacher Miss Taylor applied to the Education Dept to erect a fence because "bush horses were intruding and tormenting her Pony and eating its chaff, pigs were also entering the grounds and making a nuisance of themselves", she got her fence. In 1910 with a fall in number the education dept decided not to reopen the school, it was decided that the children could be transported to Greenhills but due to the delay in obtaining a new site in Greenhills, the Bally Bally school was given approval to re-open temporarily but this did not eventuate as the stock and furniture had been sent elsewhere!

2024 EVENTS CALENDAR
